A note from our President

Greetings,
I am delighted to extend my warmest greetings to you as a dedicated FACS educator!

I encourage you to actively participate in GATFACS by reaching out to me or your Region Vice President to find out how you can plug in. We have several committees that work throughout the school year to provide our members with professional development, networking opportunities, and much more. Our association is only as strong as its members, and your involvement is crucial to our success.

With warm regards,
Kristen Rogers, GATFACS President
